At the event page, the outcomes are grouped by their **types(1)**.

Click the name of **outcome(2)** to expand the list, to see the odds. Second click collapses the list.

Select one and more outcomes you want to bet. Selected **odds(3)** are dark-grey. Chosen outcomes are at the **bet slip** on the right side of the screen.

The screenshot shows a betting slip interface with a dark header. The header has 'BET SLIP' with a yellow circle containing the number 4, and 'MY BETS'. Below the header are three tabs: '4 SINGLE BET' (highlighted), '5 PARLAY', and '6 SYSTEM'. There is also a 'Quick Bet' toggle switch.

The main area contains four bet cards, each for 'FC Merw - Nebitchi':

- Card 1:** Handicap, 'FC Merw(0)', odds 1.51. Bet amount: 10800.
- Card 2:** 3-way match betting, 'Draw', odds 3.30. Bet amount: 2400.
- Card 3:** Goal Scored in both halves, 'Yes', odds 1.91. Bet amount: 6100.
- Card 4:** 3-way match betting, 'FURIA', odds 1.50. Bet amount: 55200.

At the bottom, there is a summary section:

- Bet total: 74 500.00 UAH
- Possible win: 118 679.00 UAH

Below the summary are two buttons: 'CLEAR' and '10 PLACE BET' (highlighted in yellow). At the very bottom, there is a checkbox 'Accept all odds changes' which is checked.

Select **bet type** at the top of widget:

- **Single bet(4)** - a bet on an individual event.
- **Parlay(5)** - combine multiple individual bets into one bet in which a necessary condition is that none of the events should lose.
- **System(6)**- combine multiple individual bets, but you choose on your own how much outcomes must win. For example, if you select a 2/5 system, it means that at least 2 events from 5 must win for the bet to win.

For the Parlay type only: click the **Place bet on your terms** in case you want place a "VIP bet" with an amount that exceeds the designated maximum.

For the System type only: select the **system** from the drop-down list (2/4, 3/4, 4/5 etc, depending on number of outcomes you bet).

Enter **bet amount(7)** for all outcomes. For single bet, enter the bet amount for each outcome directly in front of it. **Max(8)** automatically puts the maximum available amount of bet.

You can see the **total amount of bets** and **amount of possible win** - (9).

Click **Place bet(10)** to confirm your bet.
